

Agenda item 4 Discussion on the six mandated areas of the Permanent Forum (economic and social development, culture, environment, education, health and human rights), with reference to the UNDRIP, the outcome document of the WCIP and the 2030 Agenda for Sustainable Development

Speaker: Manase Saitoti Ntutu

Organization: IDA / Indigenous people with disability global Network

There is need for indigenous people with disabilities to Express issues affecting them in their areas on social, economic development, education, environmental,health and human rights related issues.

This is because in the past , there has been misrepresentation of indigenous people with disabilities in different levels of participation.

In this regard we are saying as indigenous people with disabilities, we must be included in everything concerning us under the moto, NOTHING ABOUT US WITH US.
