Pledge continued hard work  
Henry agenda: seek

Dep. Sr. Generali speaking against loss of land and other NR  
Change is high on the agenda

HCHR - HE Arbour Thank you for accepting invitation.

HIGH LEVEL PANEL 3:00pm

- MDGs - human rights based approach (Y.W. Binnu & J. Jeffrey Sachs &)
  - Poverty: Link w/ R to Dec. (Improvement) and
  - Link w/ R to SD common article 1 of Int'l Conventions
- In connection w/ UN Declaration currently does not include  
the important subpara re: subsistence as AB. (Food - must have access to Resources.)  
Hopefully UNPF will consider HE presentation carefully in formulating a relevant recommendation  
on methods of work and in a manner that synthesizes the current text of UN Decl'n.  
• W/o recognition of full right to SD especially including subsistence IR with continue to be improved  
• How can we deal w/ states who disat w/ you? re: rights based approach?

- ① How can we deal w/ states who disat w/ you? re: rights based approach?
- (1) Consentment of participants in planning
  - (2) strategy must be based on local participation (in implementation)
  - (3) Geographical specificity.
  - (4) Can't find way out alone i.e. partnerships
- Rich countries live up to long term commitments/promised (eg. Treaty)  
• raise promise to fulfill ment
- 3 Recommendations: (1) Evolve term engagement of IRs  
(2) Data  
(3) Millennium villages (integrated rural development)

HCHR - Access to natural institutions

A to Win Hold them to their promise - Failure to implement MDGs is a double failure i.e. betrayal of a broken promise  
Continue to engage in dialogue  
Continue to hold a vision of progress, equity, equality

Sachs - MDG based PRPs better financed more participatory bold & IRs need to be politically engaged  
Link work w/ UNPF i.e. Encourage partnership w/ UNPF for longer concentration (regionally)  
- strategies need to be implemented by communities  
- promote rural intensified projects

MDGs should not only be based on declaration but on recommendations
