<i>Indigenous Peoples’ Relationship with the Rainforest</i>	7
<i>Introduction</i>	9
Section 1: IPACC REDD Training Programme	12
Overview of REDD+ Training Programme	13
Objectives	13
Training Manual for REDD+ Programme.....	15
Part One – Climate Change	15
What causes climate change?.....	15
What is the Greenhouse Effect?	15
What are the effects of climate change?.....	17
How long have we been producing CO ₂ ?.....	17
Who produces the most GHGs?.....	17
Which activities produce the most GHGs?	18
The carbon cycle, and why forests are important	18
Questions arising from Part One.....	19
Supporting documents for learners	19
Part Two – The REDD Programme	20
What is REDD all about?	20

R-PINs, R-Plans and the FCPF.....	22
Questions arising from Part Two	23
Supporting Documents for Learners	23
Part Three – The Role of Local and Indigenous Communities in the REDD Programme	24
Why are local and indigenous communities important in the REDD programme?	24
How the FCPF can help	25
Some important REDD issues for local and indigenous communities	25
Opportunities for management, employment and learning	26
Indigenous knowledge and good forest management.....	26
Additionality	26
Key terms in REDD+	26
Leakage and permanence.....	27
Questions arising from Part Three.....	27
Supporting Documents for Learners	27
Kenya and Uganda Workshops Report.....	29
Introduction.....	29
Approach	29
What is the international community doing about climate change?.....	31
Why REDD+?.....	34

Risks and opportunities of REDD+ for indigenous peoples.....	34	Robust safeguards needed for indigenous peoples' rights	55
REDD+ funding mechanisms	36	Vulnerability in face of nature conservation and climate change .	55
UN-REDD programme	37	Context of REDD+ process in the DRC	56
The Forest Carbon Partnership Facility	37	Risks and opportunities for indigenous peoples	57
Key outcomes of the training workshops	37	Participation of indigenous peoples in the REDD+ process.....	58
Conclusion.....	39	Conclusion	59
Gabon Workshop Report	41	The Case for Using Local Monitors	61
Introduction	41	Measuring metrics in addition to carbon	61
Forests in Gabon	42	Required capacity and skills.....	61
Indigenous peoples in Gabon	42	Cost efficiencies	62
Gabon REDD Awareness Workshop.....	43	Proven examples and technologies.....	62
Day One: Setting the Context	43	In conclusion.....	63
Day One: Open Space.....	43	References	63
Working Group Reports: Implementing the R-PP in Gabon	44	Regional Recourse Mechanism for REDD+ Safeguards in Africa	65
Day Two: Presentation on the Carbon Cycle	46	Introduction.....	65
Day Two: Open Space	46	Overview of REDD+.....	65
Section 2: Essays	52	Risks of REDD+ for indigenous peoples in Africa	66
Rights of Indigenous Peoples in Developing a REDD Strategy in the		The need for social and environmental safeguards	66
DRC.....	53	REDD+ safeguards proposals	67
Background on indigenous peoples in the DRC.....	53	Emerging REDD+ safeguards processes.....	68
		ACHPR as regional safeguards recourse mechanism	70
		Mandate of the ACHPR.....	70

Regionalisation of REDD+.....	70
Recourse mechanism of first and second instance.....	70
Monitoring, Reporting and Verifying of safeguards	71
Conclusion.....	71
Section 3: References and Resources	72
Joint Anglophone-Francophone Statement of the Values and Intentions of African Indigenous Peoples with regards Climate Change, Adaptation and Mitigation.....	73
Preamble.....	73
On Adaptation.....	74
On Mitigation	75
Recommended strategy for IPACC at COP 15.....	76
COP 17: IPACC Policy Recommendations to the South African Government and the African Group of Negotiators on Reduced Emissions from Deforestation and Degradation and Ecosystems Conservation (REDD+).....	77
Recommendations on Robust African Regional Safeguards and Recourse Mechanism.....	77
IPACC Principles for REDD+ in Africa.....	79
List of Abbreviations	83
