HBCDO Statement regarding the Rights of Indigenous Peoples and the .

- 1: Implementation of UN Declaration on the RIP's
- 2: The right to self-determination of IP's in globe and mainly , the Namibian Government .
- 3: Ongoing Covid-19 , IP's and Namibia Government .
- 4: The rights of Indigenous child .

Implementation of UN declaration on the Rights of the Indigenous Peoples

HBCDO would like to emphasize that , the only assistance for Namibian Hai//om San IP's . would be that Expert Machanism would interfere , within the very dangerous situations of the Government and HBCDO and designated traditional leaders , to comply with UN declaration on the rights of Indigenous Peoples of Namibia ever-since last years vidual meetings of Expert Machanism . The Namibian Government has strengthen the Discrimination in all forms against Hai//om San IP's no assistance during this serious time of Covid 19 , none assistance even in the form of fund or material eg blankets , sanitizer , Mask , health relief food .

Hai//om San IP's are totally not having any right to self-determination . It is obvious , If Namibian Government should have comply with the International or UN declarations , covenants , which Namibian Government has violated for 30 years of UN assisted Namibian Independence . Hai//om are totally not have representation in Government and is suffering a lot .

Hai//om San children doesn't have any assistance from the Government , Thus the drop outs are increasing . And therefore Hai//om San children are subjected to discrimination .

HBCDO , Finally would make friendly request to Expert Machanism , or cultural survival to engage and negotiate the dispossession , displacement , Traditional recognition as Traditional chief , and community like all the tribes chiefs are recognised , due to the violation to Namibian constitution , Traditional leaders act and in general , no respect and compliance to UN declaration on the rights of IP's.
