

'GREETINGS' UNITED NATIONS , Madame Chairperson, Distinguished Guests, The Working Group of Indigenous People: This is the year we are to show some type of improvement in development. Over twenty years, and you are still wrangling over procedures. I am to speak on 'Indigenous People in relations to their Land'. First we are Ancient Indigenous People. We love our land given to us by the CREATOR. We were ready to share the land with other people, not knowing it was a colonial plot to enslave and steal our land coming from the Ceteral Bull launch from the Holy See. That was then. This is NOW.

In 1993 I was invited to apply for a grant for 'Indigenous projects and was given the number - 215 UN/1993. The number from Ms. Helen McLaughlin of the U.N. has helped in freeing the land, even though the Washitaw Nation, nor I have received not one cent, one mark or one franc, from the United Nation, The World Bank , or the IMF, as we were told in the documents. Yet some groups are discriminately given check each year while we must scrap and struggle to get here to see people who are enslaved on reservations working like 'Toms' for the State and not for the Indigenous People and their land. Why, because they allowed themselves to be divided up in tribes and sold out to the colonizers. They are working for their Bosses and not the Indigenous People's or their human rights. This stalemate has lasted over twenty years with the people in charge, making tracks and getting no where.

Nations stop lying to the indigenous people, having them spending their little pecuniary power to feed and entertain you, when all you are doing, like murdering, and bombing the indigenous people and building prisons wholesale for the rest of us in preparation for your new world order. You already have all the executive emergency orders in place. GREAT said white nations, you have stepped over the CREATOR'S line and gone to far upon our land, following the UN Holy See who dare to be here, while I rope this ceteral bull that's trodding over our land. Down with you Colonizers. Aren't you ashamed in the name of all that is Holy? Calling yourselves Christians, killing Indigenous People on their land in the Name of Holy Christians.

Two years ago after the same convention you jailed me in Zurich and in Austria for 72 hours without food or water. With the help of Delta Airlines you took my luggage and went through my papers, keeping what you thought was the real thing, all about our Washitaw land. Last year you kept us at the Atlanta airport three (3) days and three (3) nights until the land agenda was completed. When we did get here you did not allow us to register for this great meeting. What were you afraid of? The TRUTH, yes, the TRUTH that you cannot face.

NO the Washitaw Empire will not accept the Purpose draft which has the Human Rights draft crossed out because the big bully won't sign the Human Rights document. Well nations with the Holy SEE riding on your backs, our land is no longer under your Magna Charter or your Ceteral Bull. Further, we will not be held in captivity by your slaves, who themselves are not free. We

will not be ruled from the Sea by Admiralty Law. Our Law for our land is Love, Truth, Peace, Freedom, and Justice. Colonizers, you are Satan, get behind me you cannot rule me, or our Indigenous People, or our land.

We are free people under the Universal Law of love handed down from the CREATOR for our Empire of Ancient People and those who have been grafted in our land. No, we have no guns as the lying said United States System have spread their lying propaganda all over the land, stealing our property, transportation, conveyances, and documents; jailing our indigenous people about their land, throwing them in jail on our land by gun power force.

And as for the Special Rapporteur, Sr. Miguel Alfonso Martinez, said American and Europe, why not Asia, Africa, and Cuba? His country (Cuba) has been isolated for about forty (40) years. What is he doing for his own country land? Wake up Indigenous People! Wake up Nations! What you went to sleep on just don't work anymore. You are not giving Indigenous People their land back because it is not yours and we can prove it. The CREATOR now has this in hand. The earthquakes, landslides, floods, etc., have already started, you better get ready your time is at hand. We don't need guns to protect our land. The CREATOR that Created it, will take care of it. Your Y2K is nothing compared to what is coming to take you off our land.

You killed my father, my brother, my husband, I am not afraid. You poisoned our water, you gave us smallpox, you gave us AIDS, you have committed adultery with the Holy See. There is nothing I can do to you. Your karma will be met by The CREATOR and the destroying Angels, your temples will crumble from bottom up. I can't do you any harm.

We are slowly making improvements in our land and offer them up to the CREATOR. The improvements :

international motor conveyances,
our passports which we are using ,
our laws,
our flag,
our property,
our natural resources,
We have our land.

Last year for my work, I received my Doctorate in The Humanities. This year I received my Doctorate in the Laws that I may continue my reclaiming of land. I have the thirty (30) leagues, the ninety (90) leagues, and the twelve (12) leagues by inherents. It is not your land, it's our Ancient Indigenous land, there for Indigenous People, Get on the ley lines of the earth before the millennium.
