Submission(s): (1) *"We The Indigenous Peoples": Draft Bill 2007*
(2) *The Ethiopian World Federation International Ecological Model City – Plan "Survival of the Forgotten"*.

Madam Chairperson, members of the Permanent Forum, Panelist, Indigenous people and all concerned ones.

It is the Mission of the Ethiopian World Federation to uplift our Peoples culture among its members and throughout the earth, to correct abuses, relieve oppression and carve for ourselves, and our posterity, a destiny comparable with our idea of perfect manhood and womanhood and God's purpose in creating us; that we may not only save ourselves from annihilation, but carve for ourselves a place in the Sun: in this endeavor, we determine to seek peace and pursue it, for it is the will of God for man.

Our Indigenous peoples are under continuous oppressive, colonial mandates that do not address the cause of the problems we are having today. Our Indigenous Issues are massive in all areas. Complete cultures are being assimilated and destroyed for corporate gain.

For once and for all we state that our business is about our People. How many of you here today recognize me as an Indigenous Woman, sympathize with my plight. Our Indigenous cultures survived for thousands upon thousands of years with little interference. Today is different – we only see glimmers of ourselves that is if you seek it out. Culture for the Indigenous melanin peoples in America is a fleeting past time. Something must be done immediately. No more talking – Action is the resolution to our Indigenous Issues. We, the Indigenous Peoples for the Ethiopian World Federation Proclaim to assist ourselves in resolving these Indigenous Issues. We hold those responsible for the degeneration and demise of our culture traditions and self worth within the Indigenous Peoples of the Eastern and Western Hemisphere 100% responsible but we do not seek their resolutions. We only can heal ourselves and we are a well informed People with an immense amount of Higher learned knowledge and qualifications.

For two years we have been trying to awake as many peoples as possible in regards to the survival of the Forgotten (which is a platform set on re-building my peoples Indigenous Communities). Most of you here today do not recognize the ill misnomer title African American, Black, Negro, and Colored – melanin Indigenous Peoples of the Western Hemisphere as Indigenous Peoples. We I am here to remind you just incase you forgot or never thought anything about it that (WE ARE Indigenous Peoples with real Indigenous Peoples Issues).

We recommend that “Survival of the Forgotten” be considered closely for it is a realistic necessary solution to our Particular Indigenous Issues. We seek to resettle the lands of our Ancestors by establishing Economical-Social balanced communities that are built on Ecological and Sustainable foundations.

Some years ago A Great Man who is responsible for us having representation here today through the Ethiopian World Federation - brought our issues before the International Community in Geneva in regards to the many wrongs that were committed on our Sovereign Land in Ethiopia which touched the heart core within the Indigenous People of the West - mainly in America. We Call HIM Emperor Qedamawi Haile Sellassie I of Ethiopia.

He stated on that platform in Geneva, Switzerland, during that uncertain time - June, 1936.

These very words that apply to our Indigenous Issues today in the Eastern and Western Hemisphere and in the hearts of each and every person whose Human Rights have been ignored.

“The very refinement of barbarism consisted in carrying ravage and terror into the most densely populated parts of the territory, the points farthest removed from the scene of hostilities. The object was to scatter fear and death over a great part of the Ethiopian territory. These fearful tactics succeeded. Men and animals succumbed. The deadly rain that fell from the aircraft made all those whom it touched fly shrieking with pain. All those who drank the poisoned water or ate the infected food also succumbed in dreadful suffering. In tens of thousands, the victims of the Italian mustard gas fell. It is in order to denounce to the civilized world the tortures inflicted upon the Ethiopian people that I resolved to come to Geneva. None other than myself and my brave companions in arms could bring the League of Nations the undeniable proof. The appeals of my delegates addressed to the League of Nations had remained without any answer; my delegates had not been witnesses. That is why I decided to come myself to bear witness against the crime perpetrated against my people and give Europe a warning of the doom that awaits it, if it should bow before the accomplished fact.”

Make it known today and forever on the Divine stage of Prophecy that our Human Rights have been ignored. Our brother's, Son's and Husbands are hunted like beast, our daughter's, sister's and mother's tears spread across the realm of the great hills creating tidal waves of dispare – for there has been no peace for our Indigenous Peoples in our own land(s). Justice has not prevailed.

Allow me to make it very clear ... We know who we are and we are proud of our children, our husbands and our culture. No longer will we sit quietly while our Indigenous are made to look like fools before the media all in the name of Corporate profit and Human Demise of a great People. No longer will we sit on the side lines while thousand are washed away into the sea without a proper response from elected leaders and silenced Indigenous Peoples who are afraid to make their voice heard. We are the Universe which makes this world tick on its axis. And we demand respect for our contribution and our sufferings and our losses and our pain.

It would be the honorable thing to do by complying with our request for full and complete Human Rights and Justice but history has proved itself to be repetitive.

Be of good courage and make it your duty to un-do the system which continues to oppress our Indigenous Washitaw Peoples here in the America's and divide us from our Indigenous Sister's and Brother's throughout Eastern Hemisphere.

May we all be encouraged to continue on the Just path of Redemption in Love and Truth for our Survival in the Universe Depends on these simple but complex values.

So without further discussion I will accept those many apologies that have trickled in from the descendants of the many oppressors that have gained immense wealth off of the backs of my people but my acceptance in honor of all my sister's and brother's come with a pay black not a pay off but a pay back.

We the members of the Ethiopian World Federation recommend the Permanent Forum on Indigenous Issues adopt...

1. "We the People – Draft Bill 2007" for the Redemption of the Indigenous Melanin Peoples from the Eastern and Western Hemisphere whom have been abused and deprived beyond the Human imagination. A detailed list of those included are available upon request.
2. We also Recommend that the Ethiopian World Federation International Ecological Model City Plan – "Survival of the Forgotten" for the re-settlement of all Indigenous Peoples to their Indigenous cultures and traditions.

Madame Chairperson thank for your patience.

Sandra Nelson

Administrative President

Ethiopian World Federation

Allow me to make it very clear. We know who we are and we are proud of our children, our husbands and our culture. We are the Universe which makes this world tick on its axis.

It would be the honorable thing to do by complying with our request for full and complete Human Rights and Justice but we expect the lesser from the hands which continue to abuse our very nature.

Be of good courage and make it your duty to un-do the system which continues to oppress our Indigenous Washitaw Peoples here in the America's and divide us from our Indigenous Sister's and Brother's throughout Eastern Hemisphere.

May we all be encouraged to continue on the Just path of Redemption in Love and Truth for our Survival in the Universe Depends on these simple but complex values.

SECTION A: We The Indigenous People – Draft Bill 2007

We The Indigenous People who are miss-classified as African American, Negro, colored, black persons and other misnomer names, are the displaced Indigenous Washitaw, Unity Washita and Mu'urs from the Western Hemisphere as well as displaced Indigenous Peoples from the Eastern Hemisphere, Ityopiyawi (Ethiopian), Hebrew Israelites and many other tribes and Nations who were Kidnapped within our Indigenous Lands, driven from our Indigenous territories from the Eastern and Western Hemisphere in-order to work our Indigenous lands, modernize our Indigenous territories and cultivate our Indigenous Natural Resource for corporate profit that would benefit those foreign invaders, oppressive

persons who kidnapped, drove, enslaved and worked We the Indigenous Melanin Peoples from the lands and territories known to our Ancestors' for many thousand years. Now we proclaim that our International Human Rights have been violated within our Indigenous homeland which has caused great destruction and demise within our Indigenous families, cultures, traditions; We the Indigenous Washitaw, Mu'urs, Dedugdahmoundyah, Ityopiyawi (Ethiopian), Israelite Hebrews and the many other Miss- Classified Melanin Tribes and Nations from the Eastern and Western Hemisphere who were ruthlessly torn from their Indigenous Homeland – Now, Proclaim that Redemption is absolutely necessary in-order that those countless wrongs immersed upon our People be made right; for our Indigenous Peoples basic dignity has been trampled on without concern nor just reason. **We the Indigenous Peoples present before the United Nations Permanent Forum on Indigenous Issues this bill titled: "We The Indigenous People – Draft Bill 2007"** to be added to the Second Decade on Indigenous Issue for acceptance and immediate activation. For the sound from the great Trumpet known in Zion will soon fill the four corners in Earth and throughout the realms in Heaven so may your actions be swift in the natural and just in spirit. Those many wrongs which have sieged our Indigenous rights, liberties and due processes known as Divine Law are the basis for which my

Indigenous Sister's Taalibah 'Blue Sky'Reape, Eulene Inniss, Ollie McClean, and Queen Mother Washitaw Alma Staton have presented this week in representation of just a few concerns from the Mother Womb known as Ma'at. Notes – Approved Notes

To ask for commission from the opposition to study; or decide if reparation should be considered is "Irate." They know we have a claim. It is up to us to state our claim and make our demands for claims for " We the Indigenous Peoples" : We the Indigenous Peoples throughout the Eastern and Western Hemisphere know exactly "what belongs to us by right" and what we have built up and all the natural resources our lands have supplied; along with our inventions, to be re-claimed, that have allowed the abusive oppressor to sit in power. So let us present our bill in this manner. "No more red tape." As we are well prepared to present many documented facts, through our many scholars, archaeologist researchers, philosophers and such.

Section F: "All Things Listed In This Section Are Not Open For "No" negotiations; the conditions are also part of our reparations, repatriations and for our restoration.

1. 1. For the named countries listed in Section B: (attached form) that have not reserved land for the return of excitors and may do so by signing on to this Bill and stating ex amount of acres to be held. In accordance with Section C 1-2 and in appliance with Section C-3.

2. No European Government/President will not appoint or execute any authority over "We The People" in our settlements or agreements with one another.

2a. (We cannot demand and take back power, while allowing European influence/rule our destiny).

2. Release our rightly owed funds, currency, dividends, precious metals, oars and precious stones and return our lands are what we are standing up for.

All Countries Listed In This Bill, And Have or will must immediately cease warring against each other. For you cannot be in The Stand For Better Days, and war against yourselves (for three to seven days there must have peace and prayer among each other)

3. For all such security missionaries will be required to organize, for legal re-settlement by the European from Indigenous Territories all European persons out of listed territories/in the islands of the American and in African Section F-2.

4. No country listed that is signed on to this bill will not pay any such so called debt to Europe. European rule and influence control and rule in our country is only using our lands and resources to pay off debts owed to their own European counterparts

1.2.2b. Or we "turn over" these raw materials ourselves, for we do have the know how power! and if need be, we can always hire help.
