

**Statement** made by H.E. Ms. **Signe Burgstaller** regarding the **WCIP UNPFII**, *Friday, 23 May 2014*

“Sweden supports the statement made by Mexico. We join all the previous speakers in expressing our disappointment that the PGA has not been able to present us with a way forward on the preparation of the World Conference on Indigenous Peoples in September 2014 with the full and effective participation of indigenous people. The formula presented earlier this week by the PGA was compromise and we were ready to go along with it. We urge the PGA to act in accordance with the mandate of the modalities resolution that was adopted by consensus in the General Assembly in 2012.”
