Executive Summary	6
Résumé exécutif	12
Resumen Ejecutivo	18

## Chapter 1 24

### Introduction

1.1 Background and rationale	24
1.2 Scope of the report	25
1.3 Structure of the report	26

## Chapter 2 27

### Indigenous Knowledge as a Foundation for Decision-Making

2.1 Overview	28
2.2 Identifying 'indigenous peoples'	28
2.3 Indigenous, traditional or local knowledge	29
2.4 Indigenous knowledge and science: a brief history	31
2.5 Correlating observations from indigenous and scientific sources	34

## Chapter 3 38

### Indigenous Knowledge, Vulnerability and Resilience

3.1 Overview	39
3.2 Context and concepts: vulnerability and resilience	39
3.3 Indigenous knowledge and resilience	42
3.4 Resilience: stewards of plant and animal diversity	43
3.5 Resilience: diversified land use and mobility	46
3.6 Resilience: the role of social and cultural institutions	49
3.7 Threats to resilience and adaptive capacity	51

## Chapter 4 52

### Traditional Livelihoods

4.1 Overview	52
4.2 Context	53
4.3 Nomadic or semi-nomadic pastoralism	54
4.4 Small-scale agriculture	57
4.5 Small island production systems	58

## Chapter 5 63

### Adaptation Policy and Planning

5.1 Overview	64
5.2 Context	64
5.3 Policy support for resilience	65
5.4 Knowledge co-production: indigenous and scientific collaboration	66
5.5 Information technologies and indigenous knowledge	67
5.6 Challenges for adaptation planning	68

## Chapter 6 72

### The Americas: Regional Report

6.1 Overview	72
6.2 Context	72
6.3 Impacts of climate change	74
6.4 Current sensitivity/vulnerability	76
6.5 Adaptation and resilience	76

## Chapter 7 79

### Arctic/Northern Polar Regions: Regional Report

7.1 Context	79
7.2 Climate change in the Arctic and impacts on indigenous communities	80
7.3 Indigenous observations of changing weather and climate	81
7.4 Indigenous knowledge and disaster preparedness	84
7.5 Indigenous observing systems	85

## Chapter 8 88

### Small Islands: Regional Report

8.1 Context	88
8.2 Small island vulnerabilities and impacts	90
8.3 Traditional knowledge for adaptation	90
8.4 Challenges to traditional knowledge transmission	95

## Chapter 9 97

### Conclusion
